

Chi Alpha
Letter to the Leader
Ephesians

Hello Life Group Leader!

As I studied Ephesians to prepare these Bible studies the Holy Spirit began to work in my own heart. I was challenged by how at looked at diversity in unity while racial reconciliation is still a work in progress worldwide. I was challenged to be more honest with my friends and Haley. I relooked at how I defend myself from the attacks of Satan. Even now after having been a follower of Christ many years and having read Ephesians many time, the Word of God still has the power to change me. I am grateful that God never gives up on me. As you prepare to study this portion of scripture with your life group I hope you allow this to change your heart first then what you give to your guys/girls will be all the more impactful and meaningful. Study together, ask good questions, and learn from everyone in the room. Keep fighting for your group! We and, more importantly, the Lord see your hard work and as my pastor would say as I was leading a life group: "Every investment in the Kingdom of God has a return." You got this!

Love,

Zachary Licciardi
