Letter to the Leader
Philemon

Dear Lifegroup leader,

You're doing it! You're doing the right thing even though it's hard. We absolutely acknowledge that choosing to lead a lifegroup while you're in school is not an easy thing. But we are so grateful that you've chosen to do it! You've chosen to lend your time to expanding the Kingdom of God. You've chosen to give some things up so that others can know God in a greater way. You've chosen to prioritize and time manage and plunder the gates of hell. Just know that we see you and that more importantly God sees you! Thank you for your sacrifice and willingness to serve! Keep doing the hard things!

Love,
